Three point linkages and spares

Ricambi & accessori per macchine agricole / *Spare parts & accessories for agricultural machine*

ama®

ama

AMA Group è una realtà industriale internazionale con oltre 55 anni di esperienza nella **progettazione e produzione di componenti e sistemi per macchine agricole e industriali off-road**. Il Gruppo supporta i costruttori OEM attraverso le Business Unit Componenti Cabina e Componenti Meccanici, offrendo competenze integrate negli interni cabina, nella meccanica e nella meccatronica, e gestendo l'intero sviluppo del prodotto, dalla progettazione all'industrializzazione.
AMA è inoltre uno dei principali player nel settore aftermarket grazie alla Business Unit Catalogo, che mette a disposizione una delle gamme prodotto più ampie del settore. Il Gruppo opera anche nel mercato delle costruzioni attraverso la Business Unit Materiali per l'Edilizia, sviluppando soluzioni dedicate alle specifiche esigenze applicative dei cantieri.
Con una struttura composta da 34 stabilimenti e filiali nel mondo, tra cui 19 siti produttivi, 14 filiali distributive e 5 uffici commerciali, il Gruppo impiega oltre 1.652 persone e opera a livello globale, garantendo qualità, affidabilità e continuità di fornitura ai propri clienti.

AMA Group *is an international industrial company with over 55 years of experience in* ***engineering and manufacturing components and systems for off-road agricultural and industrial machinery****. The Group supports OEM manufacturers through its Cabin Components and Mechanical Components Business Units, offering integrated expertise in cab interiors, mechanics and mechatronics, managing product development from design to industrialization.*
AMA is also one of the main players in the aftermarket sector through its Catalogue Business Unit, providing one of the widest product ranges in the industry. The Group also operates in the construction sector through its Building Materials Business Unit, developing solutions tailored to the specific application needs of construction sites.
With a structure composed of 34 plants and branches worldwide – including 19 production sites, 14 distribution branches and 5 commercial offices – the Group employs more than 1,652 people and operates globally, guaranteeing quality, reliability and continuity of supply to its customers.

LOGISTICA
Il dipartimento Logistica & Customer Service opera quotidianamente a stretto contatto con il cliente e con i diversi dipartimenti aziendali per garantire tempestività e spedizioni complete. La struttura è dotata di dispositivi e infrastrutture per la preparazione automatizzata degli ordini, che aumentano le performance di servizio e la precisione in fase di preparazione. Il Customer Service è parte integrante del sistema logistico, specializzato e organizzato appositamente in base alle diverse esigenze della clientela Agri e Garden.

LOGISTICS
Every day, the Logistics & Customer Service department works in close contact with customers and AMA departments to ensure timeliness and completeness of shipments. The whole logistics and manufacturing facility is equipped with devices and infrastructure for the automated preparation of orders, enabling continuity of service while increasing performance and accuracy in order preparation. Customer Service is an integral part of the logistics system, specifically specialized and organized according to the different needs of Agri and Garden customers.

BUSINESS UNITS

BUSINESS UNIT COMPONENTI CABINA
Raccoglie le competenze del Gruppo dedicate allo sviluppo di soluzioni per l'ambiente cabina destinate agli OEM. Elettronica e HMI, braccioli, sistemi di sterzo, cablaggi, componenti plastici, sedili e accessori convergono in un'offerta integrata, progettata per coniugare tecnologia, comfort e qualità percepita. In stretta sinergia con il cliente, la Business Unit gestisce l'intero processo di sviluppo, dal concept alla validazione fino alla produzione, dando forma a soluzioni affidabili e perfettamente integrate nelle piattaforme OEM.

BUSINESS UNIT COMPONENTI MECCANICI
Raccoglie il know-how del Gruppo nella trasmissione della potenza, nella movimentazione e nelle strutture delle macchine agricole e delle attrezzature. La Business Unit progetta componenti e sistemi meccanici e idraulici sviluppati per garantire robustezza, continuità operativa e piena compatibilità con le applicazioni OEM. L'esperienza tecnica e l'integrazione verticale dei siti produttivi consentono di governare l'intero ciclo industriale, dall'ingegnerizzazione alla produzione, assicurando qualità costante e flessibilità produttiva.

BUSINESS UNIT CATALOGO
Rappresenta il sistema di servizio con cui il Gruppo assicura continuità operativa alle macchine in campo. Una rete distributiva globale, un catalogo esteso e una logistica evoluta garantiscono disponibilità dei componenti, tempestività nelle forniture e assistenza tecnica qualificata. Con una proposta dedicata ai settori dell'agricoltura e del giardinaggio, la Business Unit rende il servizio una leva concreta di valore per rivenditori, professionisti e operatori dell'aftermarket.

BUSINESS UNIT MATERIALI PER L'EDILIZIA
Riunisce le attività del Gruppo rivolte al mercato delle costruzioni, con una proposta tecnica destinata a operatori professionali e imprese. Materiali isolanti, prodotti per finiture e soluzioni vernicianti compongono un portafoglio specializzato, sviluppato per rispondere alle esigenze applicative del cantiere. Canali distributivi dedicati e competenze consolidate completano un'offerta che coniuga affidabilità, performance e qualità d'impiego.

CABIN COMPONENTS BUSINESS UNIT
Represents the Group's expertise dedicated to the development of cab environment solutions for OEMs. Electronics and HMIs, armrests, steering systems, wiring harnesses, plastic components, seats and accessories come together in an integrated offering designed to combine technology, comfort and perceived quality. Working in close synergy with the customer, the BU manages the entire development process, from concept to validation through to production, delivering reliable solutions fully integrated into OEM platforms.

MECHANICAL COMPONENTS BUSINESS UNIT
Represents the Group's expertise in power transmission, motion systems and structural components for agricultural machinery and equipment. The Business Unit designs mechanical and hydraulic components and systems developed to ensure robustness, operational continuity and full compatibility with OEM applications. Technical expertise and the vertical integration of production sites enable full control of the industrial cycle, from engineering to production, ensuring consistent quality and manufacturing flexibility.

CATALOGUE BUSINESS UNIT
Represents the Group's expertise in service systems ensuring the continuous operation of machinery in the field. A global distribution network, an extensive catalogue and advanced logistics ensure parts availability, timely deliveries and qualified technical support. With a dedicated offering for the agriculture and gardening sectors, the Business Unit turns service into a tangible value driver for dealers, professionals and aftermarket operators.

BUILDING MATERIALS BUSINESS UNIT
Represents the Group's expertise dedicated to the construction market, with a technical offering tailored to professionals and companies. Insulation materials, finishing products and coating solutions form a specialized portfolio developed to meet the application needs of construction sites. Dedicated distribution channels and consolidated expertise complete an offer that combines reliability, performance and quality in use.
